Re: Rescind Funding Assistance for the City of Anna's North Slayter Creek
Land Acquisition Project

In October 2011, Commissioners Court agreed to provide \$110,600 in funding through the Parks and Open Space Project Funding Assistance Program to the City of Anna for the acquisition of multiple properties along North Slayter Creek. An Interlocal Agreement was subsequently executed and approved in January 2012 (Court Order No. 2012-065-01-23).

To date, the City has been reimbursed \$6000 for the purchase of one (1) property. They have been unable to reach purchase agreements with the other affected landowners.

As such, the Parks Foundation Advisory Board recommends that the remaining funding for this project (\$104,600) be rescinded. Should the City of Anna be able to move forward with this project in the future the Parks Foundation Advisory Board would be open to reconsidering it for funding.

I will be available to answer any questions you might have regarding this matter.
